From The Principal's Desk....

Dear Student,

It is rightly said that there is no knowledge without college life College life has A special place in one's life. This is the most important period when one comes out of school enviroment into the open world, faces the challenges, each teaching some new lesson. This is the time when one is expected to take independent decisions and learn to decipher between the right and the wrong. This period provides an opportunity to fulfil one's dreams, work hard, put in the best efforts, explore new avenues and learn from failures to have a Successful Career. The Definition Of A Successful Career Should Not Be Related To Mere Monetary

Gains Or Migrating To The Foreign Lands For Greener Pastures. Rather, Most Desirable Education Is That Which Trains People In Character, Humillity, Discipline, Obedience And Self-reliance
